A Unit of Adhiparasakthi Charitable, Medical, Educational & Cultural Trust

Students' Feedback Analysis -2017-18

- The student's feedback data's for theory and practical classes were collected manually through a separate faculty.
- The data's collected were analyzed by the faculty in charge to plan the corrective action measures for the faculties with low percentage of scores.
- Based on the severity of the issue the corrective action measures were directed against identification of the Root cause with periodic monitoring of the progress.
- The remedial measure for low feedback percentage were training related to Teaching and Learning methods and training related to implementation of innovative teaching methods for the enrichment of students attention and knowledge.
